Savage Storm Batters Cities In Western Pa.

Duquesne, Windber
Buildings Damaged,
Power Knocked Out

PITTSBURGH, May 13 (AP)—A pre-dawn twister and torrential rains shook the steel town of nearby Duquesne today, ripping off roofs, smashing windows and toppling brick chimneys.

Two children were the only persons reported injured.

The violent wind funnel spent its fury in a 12-block-long and two-block-wide area of the town.

Police Chief Walter Weir estimated damage at roughly a half million dollars. He said early checks show at least 75 buildings hard-hit and another 200 with minor damage.

The big Duquesne works of the U.S. Steel Corp. had several window panes shattered but reported no other damage.

Electric Power Knocked Out

Most of the damage occurred northwest of the steel mill on the highest terrain in the community. Chief Weir, under orders of Mayor Frank Koprivier, shut the damaged area off to all but emergency work crews.

Residents in areas farthest removed from the heart of the storm said their homes shook violently during the storm. Electric power was knocked out for about four hours.

In Duquesne, a third-floor corner room of the three-story Colonial Hotel was knocked out as though it had been chiseled from the building. The hotel roof also was badly damaged. Two churches reported heavy damage but were able to hold Sunday services.

Windber Homes Damaged

At Windber, Pa., about 70 miles east of Pittsburgh, another storm hit last night, blowing out windows, tearing up roofs and porches, and damaging the roof of the Windber Hospital.

Power and telephone service was cut off for several hours. The hospital operated on its emergency power system from 9:30 p.m. to 3:30 a.m.

Windber officials estimated the damage to the community will be several hundred thousand dollars.

New Yorkers Get Look At Nautilus

ON BOARD THE U.S.S. NAUTILUS, May 13 (AP)—The submarine Nautilus emerged from the secret depths of the Atlantic today and steamed proudly into New York Harbor to give the world a look at the capital ship of the future atomic fleet.

The first fighting child of the atomic revolution had traveled more than 36,000 miles before she entered the Hudson River. But this was the first cruise that ended, by deliberate design of the Navy, where tens of thousands could see nuclear power in motion.

New York took its cue with gusto. Police helicopters whirled over in welcoming escort as the world's only known atom powered vessel steered a course between motor boats, excursion craft and ferry boats toward the George Washington Bridge.

Harbor fire boats spurted jets of water into the air in their traditional welcome for a new ship.

Actor Montgomery Clift Injured In Auto Smashup

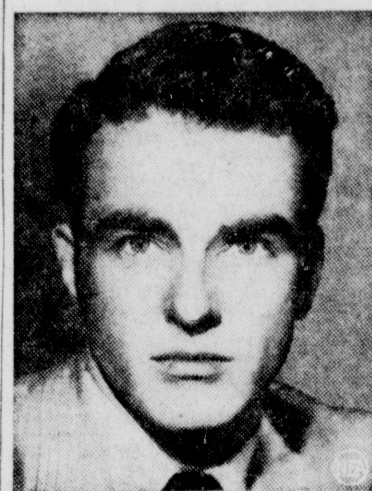

WEST LOS ANGELES, May 13 (AP)—Actor Montgomery Clift was injured seriously early today when the car he was driving struck a power pole as he was en route home from a dinner party at Elizabeth Taylor's hillside home.

Clift, 35, suffered several facial cuts and bruises, a broken nose, and a possible brain concussion, his physician said. The actor was

Eden Faces Quiz In Frogman Case

Questions Pile Up In Mystery

LONDON, May 13 (AP)—Prime Minister Eden faces a searching third degree in Parliament tomorrow night in the strange case of the missing frogman, who apparently lost his life spying on Soviet warships in British waters.

Laborites will try to force Eden to say who ordered retired naval diver Lionel Crabb to spy out the underbelly of the cruiser Ordzhonikidze—the ship that brought Nikolai Bulganin and Nikita Khrushchev to Britain.

But the quizzing won't stop there for the questions are piling up in this international mystery that has all the trappings of a first-rate melodrama.

Why was this hush-hush mission undertaken beneath the murky waters of Portsmouth Harbor?

Where's The Body?

Why does the British government presume that Crabb, an eccentric, but hero of dozens of daring exploits, is dead?

And if he did perish in some strange way beneath the Soviet ships—where's the body?

Eden's questioners would like the answers to these and a score of rumors about the whole fantastic underwater drama. But only two hours have been set aside for the subject in the House of Commons.

Eden will be pressed to take up the story where it officially ends in the British reply to Russia's diplomatic request for an explanation of what a frogman was doing beneath her warships anchored in English waters.

Actions Unauthorized

The terse explanation is that his actions were completely unauthorized; he is presumed to have met his death there; it's not in the public interest to say more.

British politicians say it's doubtful if the Prime Minister will be willing—even if he could—to fill in the missing gaps that are causing all sorts of speculation and considerable embarrassment to his government.

They say by keeping silent and taking the rap, Eden will be putting patriotism above politics, for some branch of Britain's secret service apparently is involved right up to its best cloak and dagger.

H-Bomb Explosion Again Postponed

ABOARD USS MT. MCKINLEY, Eniwetok, May 13 (AP)—Unfavorable winds today again caused postponement of a projected H-bomb test in the mid-Pacific.

It was the seventh delay of the Shot Cherokee—possibly the most massive of several nuclear explosions planned for this summer. The series may include a new weapon especially tailored to fit certain tactical conditions.

A Task Force 7 command spokesman said today weather conditions preclude the scheduled H-bomb test before Wednesday—Tuesday, U. S. time. Wind conditions must assure against radioactive fallout over the uninhabited Marshall Islands before the test can be carried out.

At Least Six Killed In Automobile Crash

NEW CASTLE, Pa., May 13 (AP)—At least six persons were killed tonight in an automobile crash on route 422 about 12 miles west of New Castle near New Bedford, Pa., a short distance from the Ohio-Pennsylvania line.

Details of the crash could not be learned immediately. All available state police and ambulances went to the scene.

The three gave their views on this and other questions in separate tape-recorded interviews. The questions were formulated by Americans for Democratic Action, put to each by radio commentator Elmer Davis, and played back with the answers to some 600 delegates today at the ADA's ninth annual convention.

The replies showed the two active candidates—Stevenson and Kefauver—and the "not an active" candidate—Harriman—

President Has "Lot Of Plans" For Campaign

ADA Says Harriman,
Estes, Adlai Qualified
For Demo Nomination

(By The Associated Press)

President Eisenhower has a lot of plans and ideas on how he is going to campaign for reelection this fall, but he is not telling "the opposition" about them yet.

Adlai Stevenson, Estes Kefauver and Averell Harriman have been designated "eminently qualified" for the Democratic presidential nomination by the self-styled "Liberal" Americans for Democratic Action.

ADA says any one of the three Democrats would make an acceptable president, but it has resolved to oppose "with all its resources" an Eisenhower-Nixon Republican ticket.

Convention Concluded

Concluding its three-day convention in Washington Sunday, the ADA adopted a resolution criticizing what it called Eisenhower's "addiction to inordinate delegation of responsibility." It said the President's health has dramatized the importance of the vice presidency.

Vice President Richard M. Nixon, it said, has disqualified himself by his conduct in past political campaigns.

Eisenhower's campaign plans were discussed, in somewhat veiled fashion, by his press secretary, James C. Hagerty. Appearing on a filmed television program with Rep. Keating (R-NY), Hagerty said:

"We have a lot of plans. It's a little bit too early now to announce those plans, either to the people or more particularly to the opposition party."

Refers To Television

"We are in a new age—an electronics age—and we have a lot of ideas and a lot of thoughts on how to campaign."

By electronics Hagerty apparently meant television. It already has been announced the president probably will make five or six TV campaign speeches, some of which may be in different parts of the country.

Eisenhower, obviously cheered by the results of his latest medical examination, flew to his country home at Gettysburg, Pa., yesterday with birthday gifts for his mother-in-law, Mrs. John S. Doud, and Mother's Day gifts for his wife. He is expected to fly back to Washington Monday.

Boss Of British Red Party Quits

LONDON, Monday, May 14 (AP)—Harry Pollitt, who boasted that his initial act as Britain's first Red prime minister would be to impeach Winston Churchill, gave up his post today as Communist party boss.

The bluff 65-year-old Lancashire brewer said he let go the reins as general secretary of the party because of ill health. His compatriots said he suffered "considerable pain" from a slipped disc as a result of an accident six years ago. There have been hints, however, that he was on the way out because of his long and ardent admiration for the now depolarized Soviet dictator, Joseph Stalin.

Pollitt officially asked to be released by the party's Executive Committee, saying, "My present state of health leaves me with no alternative."

The party accepted and named a comparatively unknown former Daily Worker assistant editor, John Gollan, 45, as Pollitt's successor. Since November 1954 Gollan has been national organizer for the British party.

Demo Hopefuls Say President Could Help Effect Integration

WASHINGTON, May 13 (AP)—Three Democratic presidential hopefuls—Adlai Stevenson, Sen. Estes Kefauver, and Gov. Averell Harriman—agreed in general today that some kind of president-ordered conference is needed to help effect integration of the races in public schools.

The three gave their views on this and other questions in separate tape-recorded interviews. The questions were formulated by Americans for Democratic Action, put to each by radio commentator Elmer Davis, and played back with the answers to some 600 delegates today at the ADA's ninth annual convention.

The replies showed the two active candidates—Stevenson and Kefauver—and the "not an active" candidate—Harriman—

pretty much in agreement on most questions. What differences there were appeared to be in degree rather than in substance. Stevenson ended up by questioning the adequacy of the questions, which dealt with such other matters as taxes, foreign aid, and loyalty programs. He said he doubted that any organization can determine the fitness of candidates "by the use of this sort of litmus test—by charting reactions in terms of the special interests or views of those who frame questionnaires."

ADA said no one of those interviewed saw the answers of the others.

Six Die In New Algerian Rebel Attack On City

CONSTANTINE, Algeria, May 13 (AP)—Fresh fighting broke out in the Jewish quarter of Constantine tonight, leaving at least six dead and four wounded. Nationalist terror raids on the city yesterday resulted in 19 deaths.

The Constantine area has been a rebel hot-bed since the Algerian insurrection began more than 18 months ago. The attacks yesterday and today were concentrated on Jewish residents. Up to now rebels have struck generally at all the non-Arab population or at Arabs friendly to the French.

French reports said today's fighting broke out when a terrorist was spotted on a street preparing to toss a grenade into a Jewish ice cream shop. Shooting began immediately along the street.

The entire Jewish quarter was heavily patrolled by French troops tonight.

Yesterday's terror raids began shortly after noon. Rebels coming from the nearby mountains filtered into the Arab quarter where they were armed, then swept on to the Jewish area where they tossed a grenade into a bar. Thirteen Jews were wounded. Then the rebels began picking off passers-by.

French forces moved into the area and drove the rebels to the hills.

Two Killed In Crash Of Carnival Truck

EASTON, Md., May 13 (AP)—Two men were killed early today when a tractor trailer belonging to a traveling carnival overturned on U.S. 50 and skidded into a utility pole.

State Police identified the victims as Sanford Cornelius Staley, 57, of Martinsville, Va., and Delbert Vernon Solt, 30 to 40 years old, of Gilbert, Pa. They were pronounced dead on arrival at Easton Memorial Hospital.

BELGRADE, Yugoslavia, May 13 (AP)—President Tito returned today from his state visit to France. He was given a rousing welcome.

Boy Drives Car Off Wharf After Lovers' Quarrel

LONG BEACH, Calif., May 13 (AP)—A high school student, distraught after a quarrel with his teenage girl friend, today drove the family car off a fisherman's landing into what police termed a suicide death in the waters of Long Beach Harbor.

Workers later pulled the car to the surface but police said the body of David Ralsback, 17, slipped through the broken windshield and sank. The body was not recovered.

"We had a lovers' quarrel and Dave drove away mad," Rosanne Hegg, 15, told police. She said Ralsback had left her at her home after a date at the movies.

Czechs Release Israeli Leader

ZURICH, Switzerland, May 13 (AP)—Mordechai Oren, Israeli left-wing Socialist leader, arrived here today from five years imprisonment in Czechoslovakia and repudiated a confession that he had been part of a Zionist network spying against the Communists.

Oren, 51, looking gray and emaciated, arrived by plane after the abrupt termination yesterday of his 15-year sentence.

"I had no idea of what was happening until yesterday," he said as he stepped off the plane. "Yesterday afternoon I was called before a security officer and advised that I would be allowed to leave. No explanation was given."

He said he had been held in Pankrac prison in Prague for the past several months and before that was in prison in Bratislava where he did forced work.

"The work kept me from thinking," he said.

Asked if he had been mistreated, he declined comment except to say, "I am well now."

Fatal Plane Collision

MEREDOSIA, Ill., May 13 (AP)—Two Illinois Air National Guard planes collided in the air near this west-central Illinois town today and one of the planes plummeted to earth.

The pilot of the crashed ship, an F51 Mustang of the 169th Fighter Interceptor Squadron, 2nd Lt. Ladd Miller, 25, of Peoria, was killed.

Talmadge Would Prefer Adlai To Estes, Harriman

WASHINGTON, May 13 (AP)—Former Gov. Herman Talmadge of Georgia said tonight that as a Democrat he will support Adlai Stevenson for president if Stevenson is the party's choice.

At the same time, Talmadge, terming himself a "private citizen seeking election as U. S. senator from Georgia, predicted the Democrats this year will carry Georgia "by a greater percentage vote than four years ago."

Talmadge In Senate Race

Talmadge, who has announced he will seek the seat of Sen. Walter F. George (D-Ga.) was interviewed on a television program—Meet The Press-NBC. Sen. George, a Senate veteran, has said he will not seek re-election.

Georgia Democrats will nominate their choice for senator Sept. 12. Democratic nomination is tantamount to election. Talmadge's father, Eugene Talmadge, also a former Georgia governor, years ago sought a Senate seat also but lost to George.

Talmadge said today he believed it is unlikely the Democratic National Convention will select either Sen. Estes Kefauver of Tennessee or Gov. Averell Harriman of New York as the presidential candidate.

Prefers Stevenson

He said he would not favor either one, adding:

"I would prefer Gov. Stevenson far away and above those two."

In other matters Talmadge went on record opposed to compulsory racial integration in public schools and as favoring some reduction in foreign aid.

Discussing desegregation in Southern schools, Talmadge said that no positive step has been taken in Georgia since the U. S. Supreme Court's ruling of two years ago.

Oregon Housewife Begins Reign As "Mrs. America"

DAYTONA BEACH, Fla., May 13 (AP)—A young Oregon mother whose heart is wrapped up in her home and church started out today on an exciting year as Mrs. America of 1957.

She is Cleo Maletis, 31, slender, attractive, brown-haired mother of three boys. Her husband, Chris, is executive of a Portland soft drink concern.

They are first-generation Americans and members of the Holy Trinity Greek Orthodox church where she teaches the primary class.

"Religion is my main interest outside our little home," she explained today as congratulatory telegrams flooded in.

"I'm not what I am because of what I learned in school but for what I've been taught at home," she said. "Everything begins in the home. Good homemaking is the basis of a great nation—good

Great Lakes Area Lashed By Wind, Rain

Tornadoes Cause
\$2 Million Damage
In Michigan, Ohio

(By The Associated Press)

A rash of weekend tornadoes exploded across parts of the eastern half of the nation and threatened new blows Sunday. At least 12 persons were killed, more than 275 injured and damage was in the millions.

The savage twisters killed six and caused more than a million dollars damage in Michigan, killed six and inflicted more than a million dollars damage in the Cleveland area and caused a half million dollars damage in Duquesne, Pa.

Winds of tornadic force caused heavy damage in the Omaha area. A score of twisters hammered the southern Great Lakes area Saturday night and early Sunday.

Floods Threaten

The torrential downpour which accompanied what the Weather Bureau called Michigan's worst night in history, swelled the Flint River out of its banks in downtown Flint, an eastern Michigan city of 160,000.

A similar flood was threatened at Grand Rapids, Mich., where the Grand River neared flood stage. Three twisters hit almost simultaneously Saturday at Flint where 116 died in Michigan's worst tornado in 1953. Three were killed there, including a couple who died in the wreckage of their home. A woman at Ithaca was killed in the collapse of a barn, and other storm deaths occurred at Muskegon and Saginaw.

More than 200 homes were reduced to rubble in the Flint area, and some 500 families have been evacuated from flood-threatened homes along the Grand River east of Grand Rapids and along the Flint River.

Cleveland Area Hit

Besides some 200 injured in Flint and two Detroit suburbs—Allen Park and Lincoln Park, another 25 were hurt in Windsor, Ont., across the Detroit River.

Tornado winds lashed the Cleveland area in Ohio, causing six deaths, injuring more than 50, felling 600 trees and power lines. Three persons were crushed in the collapse of a tavern, one under a falling tree, and two were electrocuted by dangling live wires.

Roofs, chimneys and windows were the principal toll Sunday of a pre-dawn twister which struck the western Pennsylvania steel town of Duquesne, near Pittsburgh. Only two persons were reported injured there. There was also minor tornado damage in Aliquippa, northwest of Pittsburgh.

Russia Plans End To Prison Camps

MOSCOW, May 13 (AP)—A high Soviet secret police official said today all internment camps in the Soviet Union will be abolished within the next year to 18 months. The official made this statement to a group of French Socialists who visited a prison camp at Tula, some 80 miles south of Moscow.

The official, whose name could not be disclosed, told the visiting Frenchmen the deportation of Soviet citizens to distant sections of the country is now generally forbidden. It can still be applied, however, to persons convicted of various serious political crimes.

homemaking, love and religion. "My mother always told me that if it takes a little longer to do a job well, then do it that way."

"Chris' mother is a wonderful homemaker, too. We're both very fortunate."

Mrs. Maletis placed in five of the many contests held during the week such as meal planning, the homemaker's place in civil defense and baking from certain recipes. This was more than any of the other 49 contestants from the 48 states and the district of Columbia, but it was over-all points that won her the title.

Pro-German Parties Take 2-1 Lead In Saar Election

SAARBRUECKEN, Saar, May 13 (AP)—Parties demanding union of the rich industrial Saar with West Germany surged into a 2-1 lead tonight in local elections.

Early returns bore out Premier Hubert Ney's boast the vote would kill French illusions that the Saar wants to be separated from Germany.

Three pro-German parties col-

lared 71 per cent of the vote in both municipal and district council elections. The district and municipal councils have been largely controlled by pro-French parties.

The pro-German parties, outlawed until last year, were expected to get at least two-thirds of the vote. About 80 per cent of the Saar's 680,000 eligible voters cast ballots.

Ney's Christian Democratic Union was getting the most votes among the pro-German parties. It was followed by the rightist Saar Democratic Party and the German Socialists.

The only sizable opposition came from the Christian People's Party of Johannes Hoffman, who headed the postwar Saar government as premier until last December.

Runaway's Body Found In River

CHICAGO, May 13 (AP)—A mother's longing for the return of her missing son turned to grief today—Mother's Day.

The body of 8-year-old Leo Rausch Jr. was recovered from the Chicago River. Police had believed the lad was living a will-o-the-wisp existence by his wits since running away from school two weeks ago.

Members of the Police Department's special investigation unit said there were no marks of violence on the body and that it had been in the water at least five days.

The body was recovered 4½ miles from the St. Benedict grade school on the Northwest Side where the boy was last seen April 30 as he told playmates he was running away. The boy's father identified the body.

Some 50 policemen had been detailed to search for Leo. From frequent reports of the boy being sighted, they theorized he was sleeping in halls or parked cars and begging or pilfering food.

His mother, Eileen, said young Leo had run away once before and was gone over night, and had skipped school on other occasions.

Polio Victim Kills Abusive Husband

EFFINGHAM, Ill., May 13 (AP)—A polio-crippled mother of two shot and killed her husband today, police said she told them, because of drunken abuse.

Noble Larimer, 33-year-old laborer, died of a shotgun charge in the chest. His wife, Naomi, also 33, hobbled on crutches to a neighbor's home to report the shooting.

Policeman Jack Barry said Mrs. Larimer told him her husband had been drinking and became abusive. She was held without charge.

Man Slays Mother And Her Lifelong Friend, Kills Self

BOSTON, May 13 (AP)—A 60-year-old widowed mother was shot to death last night and her son and her lifelong friend were wounded fatally on the eve of Mother's Day in what police said was double murder and suicide.

Police said Robert C. Hickman, 36, a former elevator operator, killed his mother, Mrs. Margaret Hickman, fatally wounded his mother's lifelong friend, Mrs. Lillian Hanley, 50, of Roxbury, and then himself. All three had been shot through the head in the Allston home.

Hickman had not worked for a year and police said he had been under treatment for a nervous breakdown.

USW Demands To Be Mapped

PITTSBURGH, May 13 (AP)—Mapping of formal demands by the United Steel Workers in 1956 contract negotiations with the nation's basic steel industry gets under way tomorrow.

The union's 170-member International Wage Policy Committee will hold a scheduled two-day session to spell out exactly what it wants for 650,000 members in basic steel.

Notice of termination of contracts June 30 has been served on 172 basic steel firms and iron ore mining companies.

International President David J. McDonald will meet tomorrow morning with the 30-member Executive Committee to put finishing touches on contract demands before presenting recommendations to the Wage Policy Committee later in the day. This group is part of the policy committee.

A date has yet to be announced when McDonald and USW negotiators will sit down at the bargaining table in separate sessions with such major producers as U.S. Steel Corp., Jones & Laughlin, Republic, Bethlehem, Youngstown Sheet & Tube and Inland.

McDonald repeatedly has said demands will be hinged to the record earnings being made by the industry.

Former Pennsylvania Congressman Dies

He died yesterday at the age of 97, three weeks after the passing of his wife, the former May McIlhenny of Gettysburg.

Dr. Menges was a U.S. congressman from 1925 to 1931. He graduated from Gettysburg in 1886 and taught chemistry and physics at York High School for many years. He also was a Lutheran church Sunday school superintendent in York for 40 years. Three daughters survive.

Panama Election Results Due Today

PANAMA, May 13 (AP)—Panama voters chose a new president, two vice presidents and a national assembly today in an election unmarred by violence.

Rival candidates claimed victory, but results will not be known until after tomorrow, when the official canvass begins. More than 383,000 citizens were eligible to vote.

For president, they chose between Ernesto de la Guardia Jr., a 1925 graduate in business administration from Dartmouth, and Victor Florencio Goytia, a former chief justice of the Supreme Court who gave up a newspaper job in Miami, Fla., to run for office.

De la Guardia, 51, is the candidate of the National Patriotic Coalition, a merger of five parties which was put together by the late President Jose Antonio Remon, who was shot down in a machine gun assassination at a race track here in 1955.

Two Prison Guards, Inmate Stabbed

JACKSON, Mich., May 13 (AP)—Two guards and an inmate were stabbed and seriously wounded in southern Michigan prison today.

Authorities blamed James Roberts, 27, of Detroit, who is serving a life sentence for stabbing a man to death last June 23.

The big penitentiary has been the scene of three bloody riots in recent years. Stabbed were: guards Kermer Bissonette, 37, and Glen J. Loveland, 37, and inmate Roy Raymer, 47, of Detroit.

Authorities said Roberts attacked Raymer as the latter was wheeling a kitchen cart through a cellblock. Bissonette and Loveland were stabbed when they went to Raymer's aid. Other guards overpowered Roberts.

When someone's counting on you . . . you can count on life insurance

What are your plans for retirement? Will it be a time to enjoy the trips you always seem to be postponing? Hours to spend with your favorite hobbies? Or perhaps the fun of developing a small business of your own?

Whatever your hopes, they require planning ahead for your financial needs when you retire. This is where your present life insurance may help . . . because most policies offer two forms of protection. First, they protect your family now. Then, when your youngsters are grown, these same policies can add to your own income at retirement.

Last year more than half of all life insurance benefits were paid to policyholders themselves . . . including many millions of dollars as monthly income for retired men and women.

This is one of the reasons why you can count on life insurance . . . and why it is America's most widely used form of thrift.

You may be able to arrange your present life insurance to provide a regular income when you retire. The best person to show you how this may be done is your own life insurance agent.

You will also find helpful suggestions in the new booklet, *Your Life Insurance—and How to Use It*. Your free copy will be mailed promptly; simply send your name and address on a postcard to Dept. L.

MOOREFIELD — More than 500 patrons of Rocco Feeds visited and inspected the plant at an Appreciation Day recently. New equipment installed includes elevators to unload bulk concentrates and grains from freight cars. A freight car can now be unloaded in approximately two hours entirely by mechanical equipment. Rocco Feeds also are operating a new pellet making machine which moulds the ground feed into pellets. New storage bins with a capacity of 153 tons of bulk feeds or concentrates have been installed.

The Appreciation Day ceremony included a tour of the plant and demonstrations of the machinery including one machine which fills a feed bag, sews it closed and labels the bag at a rate of five bags per minute.

Lunch was served at the plant for all visitors, and favors were presented to each person.

John Chapman, manager of the Moorefield plant of Rocco Feeds, said the new equipment, valued at over \$100,000, would enable his firm to handle feeds more economically and would result in savings for the patrons.

Polio Inoculations Continue At Clinics In Mineral County

KEYSER — The second county-wide Polio Clinic for Mineral County was held Thursday in the Grace Methodist Church here, with local doctors, nurses and lay workers in attendance. The Mineral County Health Department reported that 788 persons visited the clinic and completed their series of poliomyelitis injections. Attendance at the clinic was slightly less than reported at the first clinic on April 5, due to the fact that clinics for second injections are scheduled later in the month at Elk Garden, Piedmont and Fort Ashby.

The Health Department also reported that more vaccine is now available for free distribution, making possible the protection of more children in the 1-14 year age group. Persons desiring to have their children immunized may register by calling or writing the Health Department, giving the name, address and age of their children.

Clinics are scheduled for Elk Garden on May 22; Piedmont on May 23, and Fort Ashby on May 25.

Another Keyser area clinic will be held in the Mineral County Health Department office in the Court House in Keyser on May 31.

Miss Carmen Gamble Is "Miss Moorefield"

MOOREFIELD — Miss Carmen Gamble, a senior at Moorefield High School, has been chosen "Miss Moorefield of 1956." The daughter of Mr. and Mrs. M. W. Gamble, she was crowned by Miss Judy Burns, last year's queen.

Second place winner was Miss Carole Harper, daughter of Mr. and Mrs. S. L. Harper Jr., and the third place winner was Miss Nancy Weese, daughter of Mrs. Catherine Weese and Paige Weese.

Sen. R. J. Bean served as master of ceremonies and music was furnished by Dewey Jones and Allen and Donnie Shanholtz.

The annual beauty contest, based on the theme of "Pageant of the Roses," was directed by Mrs. Donald Thomas. Judges were Dr. B. F. Mitchell Jr., Mrs. George Moorman and David Trenton, Petersburg.

To My Many Friends of Mineral County:

This is the only way possible for me to thank you for the help you gave me in this Primary Election. I feel very indebted.

If there is ever a time you think I can repay you, it will be a pleasure to try.

Again I thank you.

Doubt Of Ability Paved The Road

The Young Presidents' Organization is a group of 950 men and women who have become the heads of their companies before they reached the age of 40. Membership is further limited to those whose concerns employ at least 50 workers and have annual sales of \$1,000,000 or more.

The Wall Street Journal in reporting on a survey made by Science Research Associates gives a picture of the economic status of the average or composite president who is a member of this select group. The typical annual income of this man is \$41,000, with 85 per cent in the form of salary.

His net worth is about \$278,000 with the total having been increased by \$8,000 during the last year. Mr. Average Young President carries \$116,000 in life insurance and four out of five of them assume responsibilities outside their companies. These activities are largely service with community boards, civic committees, and trade associations. In addition 19 per cent hold jobs—elective or appointive—in government.

The survey reasons that since members of this organization became heads of their concerns before turning 40, they can be presumed to be more able than the average of all company heads in the country. What type of younger man currently on his way upward in some company is most likely to enter such a limited class?

The survey found that judging by those who already have made the grade those who will "arrive" in the future probably now are represented by the young, ambitious employee who has a faint suspicion he is not good enough to handle his present job. Such doubts, it was discovered, harassed most "young presidents" on their ways to the top. These doubts might well be the sparks to success.

These Days

By George E. Sokolsky

They Try Too Hard

Whereas to the professors, politics is the science of government, to the politicians politics is the art of getting on in public affairs. It is all matter of viewpoint and while the professors would recognize those aspects of government that do not appear to be perfect, the politician knows that in a free society most of the people want to be left alone to their own devices and are willing to pay for it, if the tax is not too high.

The professional politician often prefers to let amateurs, or rather unprofessionals, take the lead in an election year because it looks better. The professional figures that in the end he will manipulate the situation so that he has what he needs which is not the power to articulate philosophies of government and principles of statecraft, but patronage. For it is patronage which keeps a party together, and while many denounce it, all professionals practise it. And somehow, it does not take an outsider long to understand that even if he got a public position by accident, if he wants re-election, he must keep his organization together and that means patronage. This is what Governor Allan Shivers may have learned as a result of his contest for power with Lyndon Johnson in Texas. Party loyalty, in that election, paid off.

In such a contest as now is taking place in the Democratic party, it needs to be noted that Stevenson and Harriman are not regarded as professionals, whereas Kefauver and Lyndon Johnson are. To the active manipulator of political votes either in Conventions or in Congress, it is not so very important who gets the nomination for President, so long as he is a good guy who understands political organization and sees to it that the patronage in each state goes to the right man. Party loyalty is demanded of unprofessionals and mugwumps are usually disliked.

During the first year of the Eisenhower administration, patronage was being used to kill off the Taft forces in each state. Taft died and time healed old wounds and a number of Taft followers were given good positions in the government, some even close to President Eisenhower. In New York State, Dewey who is one of the most skillful professional politicians in the country, but could not do for himself what he did for Eisenhower, got into the White House. Whereas the Taft people, get along with most of the Eisenhower people, and realistically have to, none of them want to get along with Dewey in any political enterprise upon which he may engage.

This creates a bit of a situation when it is rumored that it has become impractical for the Republicans to nominate Jacob K. Javits for the United States senatorship to run against the aged Herbert Lehman who will be renominated by the Democrats. Therefore, it is being suggested that Tom Dewey run for U. S. senator with the blessing of the Eisenhower administration.

In the old days, when Dewey was governor of the State of New York, it was necessary for every practical Republican politician to cater to his ego, to bow before his shrine in order to get state patronage. Now that Averell Harriman is governor, the state patronage goes to the Democrats anyhow, so why should a Republican worry about Dewey? The only reason is that Dewey still controls the federal patronage which is mostly disposed of, anyhow, by now. So actually there is no reason why any Republican leader should take his votes to Tom Dewey and most of them will not. Therefore, if the Eisenhower political manipulators impose Dewey upon the New York State Republicans, they might have to accept him as a nominee, but does that mean that they will have to vote for him on election day? Not at all. Most of the party professionals will do the best they can to defeat Dewey and to get him out of their hair, as it were.

And that is the talk that is going around here in both Republican and Democratic circles. In the latter, they still think that Dewey will make a stab at the vice presidency if any veritable opposition to Nixon arises, which Republicans who will be convention delegates do not believe will happen.

Ike Credited As "New Genius" In White House

WASHINGTON — "Who's the new genius in the White House?"

The question was asked, rather sourly, by a leading Democrat when he heard of the President's appointment of Sen. Walter George of Georgia as his personal ambassador to NATO. The question was a tribute to the move as a political masterstroke.

The appointment will be popular everywhere, but especially in the South, as a generous gesture to an admired elder statesman.

But that is not the only plus for the administration. The George appointment blunts Democratic charges that the administration has abandoned bi-partisanship. As the President's personal envoy, the revered George will also serve as a lightning rod to divert Democratic criticism of the administration foreign policy.

Democrats Kept Off Balance

Moreover, as the question quoted above suggests, the George appointment is only the latest in a series of sure-footed and brilliantly timed White House moves, which have kept the Democrats off balance and at a loss for winning issues. Leaving the merits of the issues to one side, consider the political aspects of the President's two major vetoes in this session of Congress.

It is no secret that a presidential veto of the farm bill was precisely what very large numbers of Democrats thirsted for, to provide them with a winning issue. Indeed, some provisions of the farm bill were carefully framed to force a veto. But, especially since the President scored so high in the Indiana primaries, the Democrats are beginning to wonder whether the veto will prove quite the bonanza they had counted on.

The President's fireside chat on the veto was effective. Much of the political curse was removed from the veto, moreover, when the administration, quietly abandoning the policy of flexible supports, raised the supports on the most politically sensitive crops to within a few points of 90 per cent. Then the administration proposed pre-payments to farmers under the soil bank plan (which would have been denounced as fiscal madness if the Democrats had proposed it). This was the unkindest cut of all—it put the Democrats in the horrid position of refusing money to the beleaguered farmers in an election year.

Budget experts have reported to the Democratic leadership that the administrative surplus should be around \$2,000,000,000, the cash surplus around \$4,000,000,000. The more the Democratic leaders debate what to do about the surplus, the more aware they become that they are in a box.

If they propose a tax cut they will split their own party on the issue, and be accused of fiscal irresponsibility and trying to buy the election. If they do nothing, they will permit the administration to take credit for a tax cut, or for reducing taxes, or a little of both. The Democrats darkly suspect that their box was carefully prepared in advance by administration strategists.

Whether or not this suspicion is justified, there is no doubt that the White House has shown a real genius during this session, in keeping the Democrats on the defensive and aborting Democratic issues. The achievement is all the more impressive, moreover, if one recalls the stumbling amateurishness which so often showed itself in the first Eisenhower years. Who, then, is the new genius in the White House?

Some identify the genius as White House Chief of Staff Sherman Adams, or Press Secretary James Hagerty, or Attorney General Herbert Brownell, or somebody else. Others espouse the theory that Thomas E. Dewey is the real mastermind of the administration. But another theory is rapidly gaining ground among both Democrats and Republicans on Capitol Hill. This is that the new political genius in the White House is none other than Dwight D. Eisenhower.

Two or three years ago, the President was obviously unsure of himself in the unfamiliar field of politics. But as the years have passed, his sureness of touch has visibly grown. And perhaps his greatest achievement as a politician has been to continue to seem wholly above politics, which remains his greatest political asset.

It could be either Harriman, Stevenson or Kefauver for the Democrats. Depending on who you asked first.

What kind of a day was yesterday in politics? Just like tomorrow except it's today.

You don't have to get both shells with an oyster to enjoy it. Anybody who can locate a dent in a Texas hat knows the campaign opened when Nixon offered his body to science and referendums.

Ike's carillon of deep-toned nods from the executive belt-tower rang all the changes in the confirmatory

echoes. The cards are on the table and the table's at ringside.

If you have to telegraph your punches telegraph 'em collect.

Now it's the Democrats who have to observe the law of the pack. Always cut 'em twice when playing with strangers.

It could be either Harriman, Stevenson or Kefauver for the Democrats. Depending on who you asked first.

Some help is obtainable through the use of antispasmodic drugs (belladonna or atropine) or of compounds that paralyze the nerves going to the intestine (Banthine, Pro-Banthine, Antrenyl, Prantal, Pamine, Darstine, or Etorine sulfate). The new tranquilizing agents are beneficial also.

But these drugs cannot perform miracles and the individual must try to correct the underlying disturbances. Cathartics are taboo; substitute orange or prune juice if constipation is a problem. Belchers must bring the habit under control, which in turn will eliminate heartburn, bloating, and gas.

RESTORING THE MIND
G. R. writes: Does electro-shock treatment cause loss of memory?

REPLY
Temporarily. This type of therapy usually is given to a person who is psychotic or living in a dream world. On recovery, the patient may not recall what happened during the time he was mentally disturbed. This loss of memory for the immediate past is part of the recovery process.

January Dinner For Ike Got \$5,000 From H. B. Keck Of Superior Oil Co.

WASHINGTON — Now that the venerable and revered Senator George of Georgia has announced his intention to retire from the Senate and become Eisenhower's ambassador to NATO, an important, hitherto undisclosed incident involving Senator George and the White House can be revealed.

Senator George recently wound up the chairmanship of a special committee to investigate the \$2,500 offered to Sen. Francis Case (R., S. D.) during the natural gas battle on behalf of Howard B. Keck of Superior Oil.

During the investigation, the committee unearthed another check for twice that money from the same H. B. Keck, this one given to the Eisenhower dinner right in the middle of the Senate's gas debate. Unlike Senator Case, who returned the \$2,500, the \$5,000 from Keck was not returned by the Republican National Committee nor by the White House.

Considerable pressure was brought on Senator George's committee by the White House not to make this contribution public. Some committee members felt that since the gift to Case came from exactly the same H. B. Keck and Superior Oil, the larger gift to the Eisenhower dinner should be disclosed in order to indicate the general pattern of the gas lobby.

Why Ike Vetoed

There was also some Senate resentment that President Eisen-

hower in his veto message should impugn the morality of the Senate at the same time that his own money-raisers had received twice as much as Senator Case rejected, right in the middle of the gas debate.

It was fear that the Senate committee might make public the Keck check that materially influenced the President's decision to veto the gas bill.

In the end, however, Senator George did not make the \$5,000 contribution to the Eisenhower dinner public. He and the committee decided they should stick close to the question of the \$2,500 offered by Keck to Senator Case, and not go into the Keck gift to more important people.

Keck's check for \$5,000, dated January 10, 1956, was on the City National Bank of Houston. It was check number 951 and was signed "H. B. Keck" from his office on the "7th Floor, Edison Building, Los Angeles, Calif." This address was printed on one end of the check.

It will be interesting to see whether the new Lobbying Committee, headed by Senator McClellan of Arkansas, which is supposed to probe all phases of lobbying, will now make public the Keck check.

Debt To Quaker Oats

It looks as if the Ike administration had about paid up its debt to Quaker Oats. At any rate the debt should be paid up after this week.

Quaker Oats executives were big campaign contributors to Eisenhower in 1952. Afterward, R. Douglas Stuart, chairman of Quaker Oats, was for a time U. S. ambassador to Canada, while Don Lourie, president of Quaker Oats, served for a time as deputy under secretary of state. Milton Eisenhower, in turn, was a director of Quaker Oats.

On top of this, Vice President Nixon last week paid off another campaign debt by presenting a medal for distinguished dog heroism to "Snooks," a seven-year-old mongrel picked as the dog hero of the year.

The medal was called the "Ken-L-Ration Medal," and was, of course the public relations brainchild of the Quaker Oats Company. Ken-L-Ration is a Quaker Oats product.

Business And Worry

By Roger Babson

BABSON PARK, Mass. — Continually I am being asked: "What could cause the next business depression?" It could be overbuilding, too much installment buying, stock market speculation, or the unreasonable demands of union labor; but I forecast the next depression, with its unemployment, may come from worry, fear, and exhaustion.

Real Causes of Unemployment

Already worry is causing executives to have heart attacks, causing wage workers to demand pension security, causing housewives to get divorces, and causing almost everyone to seek more entertainment in order to forget their troubles. If too many people get scared and stop buying, this will surely bring on bad business and unemployment.

Most of us hesitate to discuss our personal religion for fear of being called "hypocrites." But at the risk of being so-called myself, I will this week make a confession: my education as a statistician taught me to seek the truth. Hence, when I became a church member, I naturally sought to learn what Jesus taught. Among other things, I found that He taught us not to worry. One of His most emphatic teachings was to avoid "being anxious about tomorrow." I, therefore, have never allowed myself to worry.

What The Birds Teach Us

When Jesus held up the birds as an example for us to follow (Matthew 6:26-29). He realized that the birds are obliged to hunt their own food. God does not throw food in their nests for them. God even compels the birds to build their own nests. Unlike most young people today, the birds build their "houses" and pay for their before "getting married" and raising little birds! Jesus never told us not to think about tomorrow, or not to prepare for tomorrow. Read His parable of the Ten Virgins in the 25th Chapter of Matthew, Verses 1 to 13. It was worry which Jesus condemned.

Therefore, I have constantly fought worry and conquered it when it faced me: first, when I had an attack of tuberculosis and was "given up for dead;" then, during the great depression when my many clients got scared and

Campaign Funds

Campaign contributions still carry weight in the backstage operations of the U. S. government, even though the furor over the proffered \$2,500 to Senator Case has simmered down.

Senator McClellan of Arkansas didn't bother to dig into it, but North American Airlines not only retained Murray Chotiner, campaign manager and closest political adviser to Vice President Nixon, but also contributed to the GOP campaign.

When Chotiner was before McClellan's subcommittee, he got such kid-glove treatment that he was not asked a single, solitary question about the large campaign funds he had raised; and when he said he had gone to the White House on two occasions, no senator even took the trouble to ask him who were the clients on behalf of whom he wanted to exert a little White House influence.

If the senators had taken off their kid gloves and dug into this case, however, they would have found that both Stanley Weiss, head of North American Airlines, and R. R. Hart contributed to Republican national or state committees.

Campaign Managers

Campaign managers also have a way of influencing what a senator does or says.

Take the case of Joe McCarthy, one of the most vocal members of the world's greatest debating body. Joe is inclined to hold forth on all sorts of subjects, and at one time started to declaim on the subject of the cheese scandal.

Cheese comes from Wisconsin, and Joe has been urging not 90 per cent, but 100 per cent parity to help Wisconsin dairy farmers. It was only natural, therefore, for him to raise cash about the \$2,000,000 windfall profit that the cheese processors made out of Ezra Benson at the expense of the farmer and the taxpayer.

Suddenly, however, Joe shut up. Absolutely nothing has been heard from him for months about the cheese scandal.

This could be the reason why: McCarthy's campaign manager for re-election in 1952 was Steve Miller, president of the Central Cheese Co., of Marshfield, Wis.

That company received \$24,885 from Secretary Benson on the cheese deal that McCarthy originally was so excited about.

Rest And Relaxation Help Calm Irritable Colon

By Dr. Theodore R. Van Dellen

The bowel is a bear for punishment. It is irritated from within by harsh foods, strong digestive ferments, bacteria, and parasites. It is jolted from without by the nervous system particularly when the individual is upset emotionally.

It has been said that many of our troubles "settle in the stomach" because anything that irritates the nervous system is likely to affect digestion and the intestine. This explains why persons with mother-in-law, financial, or boss trouble develop painful spasms in various parts of the abdomen.

The same may occur in those who are overworked, get too little sleep, or are besieged with nervous stress. The bowel clamps down on itself in a fit of spasm and occasionally pain is so severe the sufferer doubles up to obtain

relief. These attacks come and go or persist to a lesser degree for days or weeks.

Spasm is not aggravated by eating bland foods or by exercise and usually subsides with rest and relaxation. X-rays and other studies may be negative and the physician often calls the disorder "nerves" or by its more technical name, spastic, or irritable colon. This does not imply that the victim is imagining his symptoms.

When the physician says "that everything is organically sound and he is unable to find anything wrong, he means that the patient's symptoms are not due to cancer, tumor, gallstones, obstruction, or inflammation. The organs are healthy but are not working properly because they are irritated.

Try And Stop Me!

By Bennett Cerf

At the height of the ill-fated Florida land boom in the '20's, W. C. Fields aroused the ire of Miami realtors by telling audiences of one lucky speculator who got a wire from Alligator Beach reading, "Congratulations: they've discovered land on your property."

An old settler from Arkansas vows that his paw became tired of life so he lay down on the tracks three miles ahead of the fastest express train in the state—and starved to death before it got there.

The engineer of this express, incidentally, made one unscheduled stop every day to pick up a dozen fresh laid eggs from his cousin, who ran a farm ninety miles north of Little Rock. One day his cousin hailed him with the usual, "Hi, Cousin Abernathy,"

but this time added, "Ye'll have to keep them passengers waitin' a few minutes extra today. I got 11 eggs so far, but one hen is on the nest now and that 12th one ought to be along right soon."

Irish Nationalists are accused of swiping a French painting from a British gallery. How complicated can international complications get?

An Aberdeen, Wash., hunter claims he has slain 2,941 bears since 1911. Sounds like a pretty grizzly record.

The average American, according to the American Meat institute, ate eight pounds more meat in 1955 than he did in 1954. He can't have been a customer of the hamburger (?) joint we patronize.

In view of what the Kremlin's doing to the memory of Stalin school teachers in Russia must be having a tough time figuring how much history is "good" for the kids.

You can be ready for summer — in figure and the way you feel — in just thirty days.

Secrets Of Charm by John Robert Powers

Summerize Your Beauty

A girl in a bathing suit is always the symbol of summer. How much does she look like you?

If yours isn't the perfect figure that could pose for the posters there's not a minute to lose. That soft midriff that was no bother all winter needs tightening up for scanty costumes. Extra pounds need to be lost. Muscles need tuning so you'll feel like an outdoor girl again.

Diet and exercise both must do their utmost, diet to adjust weight and exercise to adjust contours. Weight loss alone won't lead you straight to that perfect girl-in-a-bathing suit mental picture of yourself. It isn't possible to store up weight and then lose it and look the same as you did at your earlier best. Unless you're far more active than few are past school days, muscle and tissue softening not only goes along with accumulating weight, but makes it worse. And to skim off the pounds is no promise at all that this problem will be taken care of. You can be much thinner and still not slim into a trim summer silhouette.

When there's so much to do and so little time to do it, can it be

done? Yes—in thirty days. We've worked out a program called "Summerizing Your Beauty" that synchronizes diet and exercises day by day. It starts out very simply and gathers momentum until the job is done in just a month's time. It's all in my booklet by the same

Knights Templar Plan Program

Antioch Commandery No. 6, Knights Templar, will observe Ascension Day tomorrow at 8 p. m. with a service at the Masonic Temple.

The service will be opened by an address of welcome by Eminent Commander Ralph G. Shipley, and presentation of the flag by the Standard Guard. The principal address will be delivered by Edward Lester, president of Boy's Youth Program of Grace Baptist Church.

The program was planned by Past Commanders Roy V. Ringer and James C. Watkins; Shipley, and Sir Knight LeRoy Kimes. It will be open to the public.

WIFE PRESERVERS

For an added flavor, add a dash of white pepper to the pastry covering on chicken or meat pies before you put them in the oven to bake.

Alexander the Great, who conquered so much of the then known world, was only 32 years old when he died.

The bidding:

East South West North
Pass 1♦ 2♦ 3♦
Pass 4♦ Pass 5♦

Opening lead—king of clubs.

The best contract, three notrump, was bypassed. This was largely South's fault. He should have bid three spades over three diamonds. This bid serves a dual purpose. It enables North to bid three notrump whenever his hand is suitable (which it was), or in some hands it is the key to a slam which might not otherwise be reached. There is of course no intent to play in four spades, that happens to be North's next bid. In such case, South retreats to five diamonds. It can be seen that four notrump is a laydown, but the eleven trick contract of five diamonds, looking at just North-South's hands, is by no means sure.

DAILY CRYPTOQUOTE

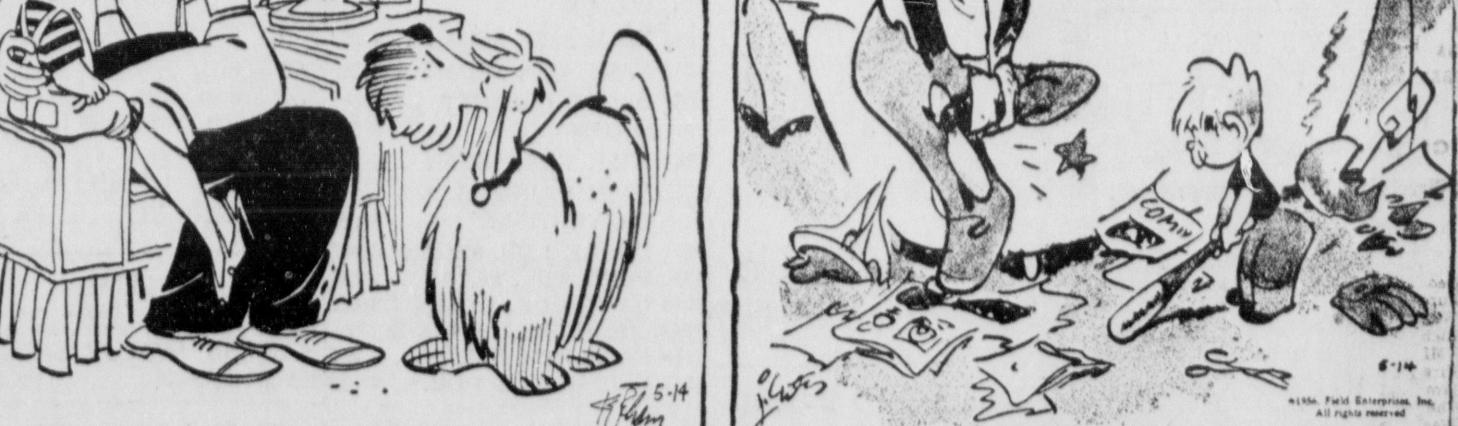

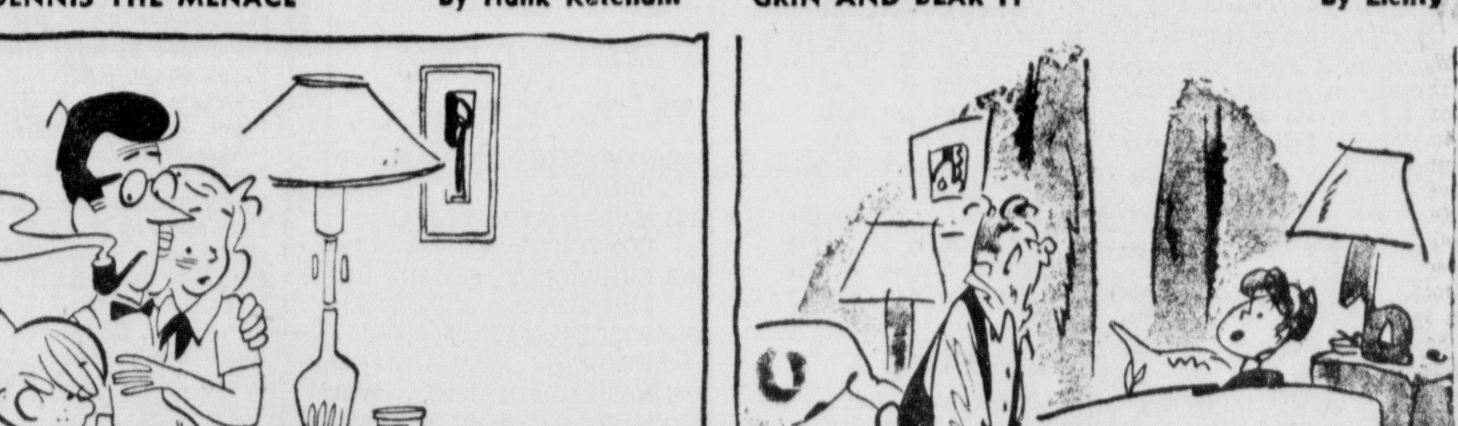

Here's how to work it: AXYDLBAAXR is LONGFELLOW

One letter simply stands for another. In this example A is used for the three L's. X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

ZYJDPJCJWJD NZDDWP, FWZJXQ. FQSJ XU DEW NFQV DCPQWV FQ. AZPV—AXPVJAXPDE.

Saturday's Cryptogram: HE SMARTER MOST WHO HIDES HIS SMART, AND SUES FOR NO COMPASSION—RALEIGH.

"Poor ol' Ruff feels left out."

QUALITY USED CARS

If you want a car that is better than average, and will pay a few dollars more for it—we invite your careful appraisal of the following. Each car has been carefully selected to give you the most for your dollar. We can sell "price cars" too, but you will not find them in this ad. Know your dealer—select him as you would your car. His reputation and dependability for selling only local cars is your best assurance of your Used Car Value. Each car has been thoroughly reconditioned and is guaranteed by a written warranty that is approved by the Maryland New Car Dealer's Assoc. Remember—your initial investment should be the Purchase Price—not a down payment on a "price car" that will cost you many more dollars in repairs.

We Believe The Following To Be The Nicest In Town

1955 Ford 6 Cylinder Club Sedan
Includes Standard trans., R. & H., very low mileage, entire car including paint, upholstery, motor and tires like new.
Only \$1595

1953 Chevrolet Bel-Air 4 Door Sedan
The best Chevy makes—and it's a beauty too! A beautiful rich grey paint with outside sun visor, Powerglide trans., R. & H., seat covers and "tubeless tires". Wouldn't you pay a little more for this value leader. We did.
Only \$1195

1950 Plymouth Deluxe 4 Door Sedan
An outstanding car in excellent condition. The green paint is gleaming and the interior is lovely beyond comparison. Includes the many wonderful engineering features brought to you by Chrysler Corporation such as bonded brake linings, safety rim wheels, independent parking brakes, etc. Tires are like new.
Only \$495

1948 Nash 4 door 600 sedan. You can look all over Cumberland and not find a car including many new models that will compare with this beautiful automobile. If this were the year 1948, we could put this on the showroom floor and we don't think you could tell it from a new car. Well equipped with famous Nash Weather-Eye air conditioning and heating system.

Maryland VFW Completes Plans For Convention

Opposes Report Of Bradley Commission

Officials of the Department of Maryland, Veterans of Foreign Wars, meeting here yesterday to complete plans for the Maryland VFW Encampment which opens here June 21, went on record as opposing the Bradley Commission Report.

Harry Reiber, Third District commander, said veterans feel the report is an attempt to entirely "eliminate any distinction between the man who wore a uniform for his country and a civilian."

The action was taken yesterday afternoon as some 100 VFW officials, including representatives of all 17 Maryland districts and all appointive committees, met at the home of Henry Hart Post No. 1411, Veterans of Foreign Wars, to complete convention plans.

State Commander Edward Taiman, Salisbury, and his staff presided at the session.

Four past Department commanders, Frank Webb of Baltimore, a former resident of this city; Earl Griffin, Washington; James McGuirk, Baltimore; and Harry Singerman, Silver Spring, attended.

Officials reported over 1,000 delegates are expected to attend the state convention here.

Convention activities are being planned at the post home, the Fort Cumberland Hotel and at Central YMCA.

Henry Hart Post served a hot roast beef dinner after the council meeting held in the post home.

Raymond F. Whitehair, a past post and state officer of the VFW, will be general chairman for the encampment.

Co-chairmen will be Reiber and Thomas K. Whalley, past state officer of the VFW.

The encampment committee will include Guy Smith, dinner and dance; Paul Moore, housing; Whalley, parade, and F. Allan Weatherholt, publicity chairman.

Scouters Get Program Helps

Program helps for unit leaders of the three phases of Scouting were presented at the recent Nemacolin District Roundtable.

Over 70 Cub leaders, Scout leaders and Explorer advisors attended the session held in Frostburg and presented by members of the Miles G. Thompson, Nemacolin District commissioner.

Scout troops represented included B&O YMCA Troop 2, Centre Street Methodist Troop 4, LaVale Methodist Troop 10, Cresaptown Methodist Troop 9, First Presbyterian Church Troop 13 of Cumberland, Kelly-Springfield Troop 17, LaVale Baptist Troop 11 and John Humbird PTA Troop 23.

Cub Packs were represented by Staffers of Columbia Street PTA Pack 1, Virginia Avenue PTA Pack 15, Hill Street PTA Pack 44, College Lab Pack 20, Beall Elementary PTA Pack 46, Gephardt School PTA Pack 3, West Side PTA Pack 19, LaVale PTA Pack 10 and John Humbird PTA Pack 23.

From Explorer posts were representatives of St. Paul Lutheran Post 52, Frostburg; First Presbyterian Post 13, Cumberland; and Kelly-Springfield Post 17, Cumberland.

Homemakers To Meet

Today's Sermonette

Today's sermonette is a digest of the sermon preached yesterday at St. Paul's Evangelical Lutheran Church, Frostburg, by the pastor, Rev. William J. Yingling. The sermon digests are being prepared through the cooperation of the Cumberland Ministers Association.

Parents As Teachers—The Power Of Example

By REV. WILLIAM J. YINGLING

"Train up a child in the way he should go and when he is old, he will not depart from it."

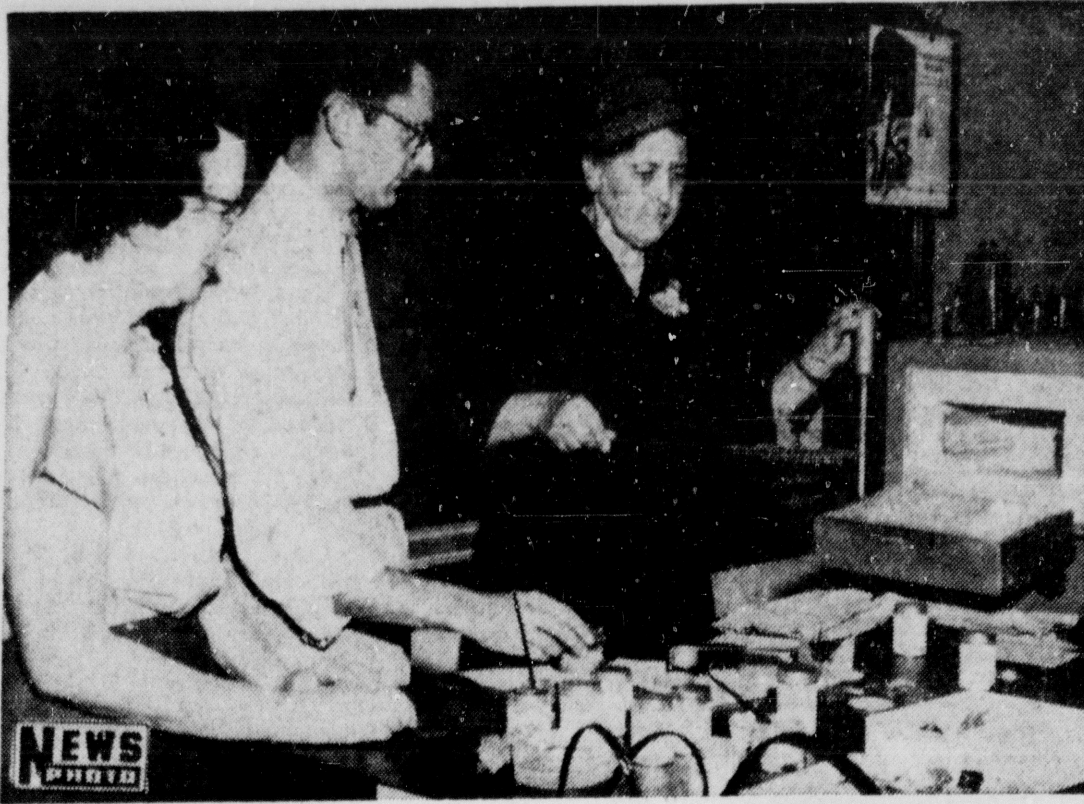

How many Christian American parents want their children to follow their example in living?

On this Mother's Day and close of Family Week, we do well to ponder this question. The Bible is clear in its commands to children; it is equally clear in its commands to parents.

The most important thing about all parental teaching is its "God-giveness." It is more than "moral obligation" or "principle of good social behavior." God Himself has a place in what parents say and do for their children.

One pressing area of parental example is love and kindness. It must be sadly admitted that these are often misdirected. The lavishing of necessities and luxuries upon children in satisfaction of their every whim and fancy is not the epitome of love and kindness. More than material satisfaction is involved. The love manifested in a life of sacrifice and service is often more telling.

Sympathy and understanding deserve mention also. These, too, are often misdirected. Shielding our children from all possible blows is not the best kind of sympathy. Understanding and "babying" are not the same! Mutual sharing of problems between parents and children with both sides suggesting

Workshop In Enameling

Mrs. Irene Youmans, Anne Arundel County art teacher, prepares to place costume jewelry into a kiln in the enameling workshop held at Fort Hill High School Saturday as part of the annual art workshop sponsored by the Maryland Art Association. The process is used to fuse glass to copper in making the jewelry. Looking on are Mrs. George L. Bennett, art instructor at the Maryland School for Deaf and John Patterson, class demonstrator from Montgomery Blair High School, Silver Spring. Approximately 50 art class and elementary teachers attended the two-day event here.

State Art Workshop Here Attended By 50 Teachers

The annual art workshop sponsored by the Maryland Art Association and held in Cumberland over the weekend for the first time was attended by approximately 50 teachers from eight counties.

The yearly event, which is generally held in the Baltimore area, was conducted here Friday evening and Saturday at Fort Hill High School.

With instruction and demonstrations held in five separate workshops.

A panel discussion on the problem of creative activities in public schools was conducted Friday night. On Saturday demonstrations and instructions were given in enameling, finger painting, ceramics, weaving, and printing techniques.

Clyde Roberts, Hagerstown High School art instructor, was general chairman.

Pauline Robinson, Baltimore, was in charge of the finger painting class; Robert Kinsley, Hagerstown, headed the ceramics instruction; Levin Leatherbury, Baltimore, instructed the printing class, and John Patterson, Montgomery Blair High School art teacher, was the demonstrator in the enameling class.

The entire workshop was aimed at generally promoting creative activities and art experiences in the class rooms and was conducted for art teachers and elementary instructors throughout the state.

Counties represented were Allegany, Washington, Frederick, Anne Arundel, Montgomery, Baltimore, Kent, Howard, and Baltimore City. A luncheon for the teachers was held Saturday at Ali Ghan Country Club.

Romney Deaf School Principal Resigns

ROMNEY, W. Va., May 13 (AP)—Paul C. Bird, principal of the West Virginia School for the Deaf, has resigned to become director of the acoustic training program at the Florida school for the deaf in St. Augustine, Fla.

Bird will leave after school closes in June. His wife has accepted a teaching position in the Florida school. Their new work will enable them to return to their native state.

Bird became principal of the West Virginia School in 1952.

Cancer Drive Nears Finish; \$5,307 Raised

Although reports of the weekend canvass of the Georges Creek section for Allegany County's 1956 Cancer Crusade were not yet compiled yesterday, William Walsh, general chairman, said another \$100 was received from miscellaneous returns to add to the total Saturday.

With Frostburg workers returning \$605.30 in donations from that city and surrounding communities Friday the county's total reached \$5,307.65, Walsh said.

The campaign continued Saturday with house-to-house canvasses in Midland, Barton, Luke and Westport. Lonaconing postponed its canvass until yesterday while the Georges Creek chairman James S. Getty to hold open its report until Wednesday when a canvass of the Teen-age Club's Tri-Towns dance there will be made.

In Lonaconing yesterday the Girls Club of that community conducted the drive under the supervision of J. Bradley Marshall. The Midland appeal was made by members of the Junior American Legion baseball team under the supervision of William E. Orr while Mrs. Graydon Andrews and David E. Kirk supervised the Barton drive. This solicitation was made by Girl Scout Lone Troop No. 1.

The Westernport-Luke drive is being made by members of the Teen-age Club of Westernport under the direction of Samuel M. Berry and Mrs. Virgil Raines.

Outside of a few isolated streets and sections not yet covered, as well as some special gifts reports to be made, much of the county's cancer drive has been completed, Walsh added.

Contestants Interviewed

All three contestants for the prize as the outstanding woodworker among the seniors in Allegany County public high schools have been interviewed by the judging committee from Local 1024, United Brotherhood of Carpenters and Joiners of America, sponsors of the contest.

The contestants are Donald Wilt, Bruce High School, Westernport; Donald Earl Fleagle, Beall High School, Frostburg; and Glendon Michaels, Fort Hill High School, this city.

Judges are Ralph E. Porter, president of local 1024; George A. Brown, secretary; L. M. Twigg, Ashby Lawrence and Harvey May.

After interviewing the boys, the committee also heard Francis A. Kenney, manager of the local office of the Department of Employment Security, explain the results of the aptitude tests taken by the three boys. J. D. Lonnholm, supervisor of vocational and industrial education in the county public schools, conferred with them.

Projects of the three finalists will be examined Friday night by the judges before a decision is reached.

McKeldin Says Fort Frederick Still Important

Opens Observance Of Bicentennial

BIG POOL, Md., May 13 (AP)—Fort Frederick no longer has a part in this nation's defense system, Gov. McKeldin said today, but as a symbol it "may still play an important part in the national defense."

The governor spoke at a ceremony opening a three-day bicentennial celebration at the historic old fort near here.

Fort Frederick was authorized in 1856 for protection against raids in the French and Indian War. Its last military use was as an observation post during the Civil War.

The 200-year-old fort now is an historic monument under supervision of the Maryland Department of Forests and Parks.

Gov. McKeldin spoke at a "Rededication Day" ceremony.

The governor said: "... The use of symbols," said Emerson, "has a certain power of emancipation and exhilaration for all men." We need that power urgently in the modern world.

"... We need emancipation from the bondage of our fears, and exhilaration, some lift of the spirit, to stimulate us to undertake the tasks that lie before us as a nation."

McKeldin said, "It is the human tendency, latent in all of us, to forget the value of freedom and to grow sluggish in its defense. It is against this danger that a symbol, such as Fort Frederick, is more valuable than any battery of great guns."

The governor noted that "this is a double celebration." He said it also marks the 50th anniversary of the establishment of the Department of Forests and Parks.

"He said, 'The department... is more vigorously active today than ever before, yet I like to think of it, too, as a symbol. It is a symbol of the acceptance by the State of responsibility for the mental and physical regeneration of the people, for their defense, not against French and Indians, but against slow deterioration caused by lack of recreation facilities.'"

"That, too, is a fight that has no end."

Also on today's program were Sen. J. Glenn Beall and Rep. De Witt S. Hyde.

Tomorrow will be Frontier Day with residents of Western Maryland giving demonstrations of old-time frontier crafts. Junior high school students from Frederick will present a pageant, "Prelude to Fort Frederick."

The celebration will end Tuesday with Fort Frederick Day.

Episcopal Bishops Attend Events At Churches Here

Both Episcopal bishops of the Maryland diocese visited Cumberland yesterday for the annual presentation service of the Lenten mite box for children of Episcopal churches.

All parishes in Allegany and Garrett Counties were represented at the service at 4 p. m. yesterday at Emmanuel Episcopal Church here. It also marked the first visit of Dr. Harry Lee Doll, Martinsburg, W. Va., native, recently named suffragan bishop of Maryland diocese.

Also here was Bishop Noble C. Powell who officiated at confirmation ceremonies at St. Philip's Chapel last evening. He attended morning services at Hagerstown. Bishop Doll was celebrant of the 8 a. m. service at holy communion at Emmanuel Episcopal yesterday.

He also officiated at the 11 a. m. service for the confirmation of a new class there.

Father Kilkenny Will Get Monsignor's Robe May 24

In a colorful ceremony planned in the Baltimore Cathedral May 24, Right Rev. Monsignor J. Lawrence Kilkenny, pastor of St. Patrick's Church and rural dean of Western Maryland, will be invested with the purple robe of a domestic prelate.

Archbishop Francis P. Keough will officiate at the investiture ceremony which will be followed by a low Mass at 5 p. m.

Msgr. Kilkenny will be one of nine monsignors who were awarded the title of Domestic Prelate recently by Pope Pius XII.

A large delegation from Cumberland plans to go to Baltimore to witness the ceremonies.

Archbishop Keough has invited the newly robed monsignors to a dinner in the Cathedral rectory following the investiture ceremonies.

Plans Mass Reception
Father Kilkenny will officiate at a Mass of Thanksgiving at St. Patrick's Church on Sunday, May 27, at noon.

All members of the parish are being invited to attend the festive Mass.

It will be marked by special music, an honor guard by the Fourth Degree, Knights of Columbus, and a procession by altar boys of the parish.

From 3 to 6 p. m. that afternoon, Father Kilkenny will hold a reception in the Fort Cumberland Hotel.

Reception Planned
All of his friends and parishioners are invited to attend the reception.

Father Kilkenny has been pastor of St. Patrick's and rural dean since March 28, 1947, when he came here from St. Joseph's Church, Midland, where he served a four-year pastorate.

A native of Parkton, he was ordained in the Baltimore Cathedral June 16, 1927.

Following his ordination, he served as a curate at St. Paul's Church, Washington. He was then appointed assistant pastor of St. Joseph's Church, Washington, serving in that post from 1936 to 1943, when he was named pastor of the Midland parish.

He celebrated his silver jubilee as a priest here in 1952.

Rev. Kearney Speaks On Family Life

The family plays a vital role in the structure of nations, Rev. Francis P. Kearney, dean of studies at Mt. St. Mary's College, said here yesterday.

Father Kearney spoke before 200 members of the Holy Name Society of St. Patrick's Catholic Church, at a communion breakfast in the parish social center.

He declared that national leaders too often try to accomplish things "without sincerely asking for God's help in the performance of their duties."

Father Kearney said everyone needs Divine guidance to attain worthwhile goals. He added that a necessary part of this for married people involves leading a good family life.

"Man would be an animal if he lived without God," said Father Kearney, "and his dignity as man would not exist because he would be throwing it away if he lived according to the dictates of the flesh."

Citing the high U. S. divorce rate, Father Kearney said that if the trend of 1940-46 were to continue to 1966, half the marriages in the country would be ending in divorce.

Invocation and benediction were by Right Rev. Monsignor J. Lawrence Kilkenny, pastor of St. Patrick's and spiritual director of the Holy Name.

Joseph Blake was toastmaster, and guests introduced were James Coyle, president of the Western Maryland Section of the Holy Name; Brother Christopher of LaSalle High School, and George Loar, president of St. Mary's Holy Name.

Miss Nellie S. Willison, head of the English Department at Fort Hill, conducted the contest.

Work Begins On North End Tennis Courts

Improvements Set On Other Sites

The City Recreation Department has started work on tennis courts at North End Playground and improvements to several other play sites will be completed soon, according to Robert E. Pence, director.

The tennis courts, he said, will be graded and two courts placed on a 120 by 108 foot blacktopped area.

Pence said the area will be a multi-purpose play site, used for tennis in the summer and for volleyball, basketball and badminton in the fall and winter.

The tennis courts, he added, will be about 60 feet from Holland Street, providing space for a small parking lot in front.

Between the parking area and Holland Street, there will be an area which will be beautified with grass and shrubbery, to reduce dust and noise.

Addition of the tennis courts, he said, will mean that the play center will be on three levels—with Stitches Field for adults, North End Playground, for grade school students and the tennis area for junior and senior high school students.

Pence said Lamont Street Playground has been graded, blacktopped and fenced.

Before Tuesday, he said, crews will put the backstop and base line screen on Post Playground. Fencing of Mapleside Playground, he said, should get under way within two weeks.

Fort Hill Names Spelling Champs

Ronald Barnes and Terry Wetman are the senior and junior class spelling champions at Fort Hill High School, according to John G. Leach, director of education at Goldey Beacom School of Business, Wilmington, Del., which annually conducts a spelling contest in high schools in the Middle Atlantic States area.

"Spelling is a vital concern to everyone engaged in any phase of communication work," Leach said. "The excellent records made by the students reflect creditably on their teachers, parents and themselves."

Trailing Barnes among the outstanding senior spellers were Melissa Hast, second, and Sara Adams and Wanda Bergdoll, tied for third. Next after Wetman among the juniors were Delores Struckman, second, and Russell McGaughey, third.

Miss Nellie S. Willison, head of the English Department at Fort Hill, conducted the contest.

Mahoney Admits Defeat; Party Unity Is Seen

Promises Supported To Millard Tydings

BALTIMORE, May 13 (AP)—George P. Mahoney has conceded to Millard E. Tydings in Maryland's Democratic primary for U. S. senator.

Mahoney said yesterday he had sent Tydings a congratulatory telegram. He added he hoped those who supported him in his whisker-close race would work for Tydings in his campaign for the November general election.

Tydings, vacationing in Hot Springs, Va., thanked Mahoney, praised him as "a marvelous vote-getter," and commended him for conducting a "high-type campaign" in the primary.

The exchange, coming after one of the closest primaries in Maryland history, indicated an absence of bitterness which has beset state Democrats in the last six years. They have not won a statewide election for top office in that time.

Tydings and Mahoney finished last Monday's primary with 76 unit votes each and with Tydings about 8,000 ahead in popular votes.

Unprecedented Tie

Unit votes are allotted to each county and Baltimore district on the basis of seats in the Legislature, and all of a subdivision's unit votes go to the candidate with the most popular votes in the subdivision.

Unit votes determine the nomination, but if there is a tie in that department the popular-vote winner becomes the nominee.

Although nomination to statewide office had gone four times previously to the candidate who trailed in popular votes but led in unit votes, there had never before been a tie in the unit vote.

In the general election, Tydings will oppose Republican Sen. John Marshall Butler, who defeated him six years ago in a surprising and bitter election later investigated by a Senate subcommittee. Tydings had been a senator for 24 years—longer than any other Marylander—until then.

The subcommittee labeled as "back-alley type" some of the tactics used by the Butler camp. Butler supporters had distributed a fake picture purporting to show Tydings in jovial conversation with Earl Browder, Communist party chief.

Tangled With McCarthy
Butler also campaigned under the banner of Sen. McCarthy (R-Wis.), with whom Tydings had frequently clashed in the Senate.

McCarthy had accused a Tydings subcommittee of "whitewashing" a group of government employees whose loyalty had been questioned. Tydings replied most had been cleared by previous probes and later said none cleared by his subcommittee were later found to be disloyal.

In a formal statement, Mahoney said:

"I have sent a telegram to Millard Tydings, congratulating him upon winning the primary election and expressing my best wishes for victory in the general election."

"To further the Democratic Party's chances for victory in November, those who supported me in the primary sought, at the outset, to avoid a serious primary contest. When that proved impossible, I resolved to conduct a campaign which would create no permanent division in the party."

"That much, at least, has been accomplished and we are now in a position where all good Democrats, no matter where they stood in the primary, can work together to elect a Democratic president, a United States senator and seven congressmen."

Tydings Thanks Mahoney

Tydings responded: "I want to thank Mr. Mahoney for his fine telegram. He is a marvelous vote-getter and we ran pretty much a neck-and-neck race, splitting the counties and the city evenly on the unit vote."

"Both Mr. Mahoney and I conducted a campaign without any bitterness. His sportsmanlike request of those who supported him in the primary to vote for me in the general election is greatly appreciated."

"I am sure Mr. Mahoney and I will work for the success of the Democratic ticket in November. Again, I want to thank Mr. Mahoney for conducting a high-type campaign and for his generous offer support to all Democratic candidates in the coming election."

Tydings said he planned to remain in Hot Springs, Va. for about one more week's vacation.

Volunteer Firemen Honored

Because members of their units satisfactorily completed basic and advance fire-fighting courses, three fire chiefs were presented with these wall certificates by Robert C. Byrns (left), director of the Fire Service Extension of the University of Maryland who made the presentations at LaVale Fire Hall Saturday night. Next

is Cromwell C. Zembower, LaVale, who instructed both classes. The three fire chiefs (left to right) are W. Bruce Long, LaVale; William G. Finley, Clarysville; and Calvin R. Ayers, Bowling Green. The courses are designed to keep volunteers up to date in scientific fire-fighting techniques.
